Peek Inside a Fairy Tale

SUITABLE FOR
age 3-5

BOOK PARAMETERS:

Size 200x211 mm, 6 spreads
incl. cover, box with 3D panorama
+ singer book (24 pages)

A panoramic TV carousel filled with your favourite Disney fairy tales and surprises. The classic Disney stories for the very young in truly non-traditional form. Twice the same fairy tale, in two different versions. A book for parents and children whose design is sure to captivate children so that they will return to it again and again. The set contains a twenty-four-page full-colour illustrated book that tells the story of Frozen, Tangled and Cars' Race for the Piston Cup in simple wording. The most interesting thing is hidden in the box with the peephole, where the child can find a three-dimensional panorama. The child and parent can move – using a turning mechanism – from one of eight delightfully illustrated 3D scenes to the next. The book can be removed from the set so that the child can view the story through the magnifying peephole while the parent reads the story.

PEEK INSIDE A FAIRY TALE
**Frozen:
The Story**

Kristoff, Olaf, Sven and Anna ran for their lives. Anna was rapidly getting weaker and weaker. Fearing for his friend, kindly Kristoff took her to the trolls, green pygmies who had adopted him as a little orphaned boy and brought

him up. When the wise ruler of the trolls saw Anna, he knew straight away what had happened to her. Anna was dangerously ill – the icy spell had taken hold of her heart. Only an act of true love could set it free.
