

1

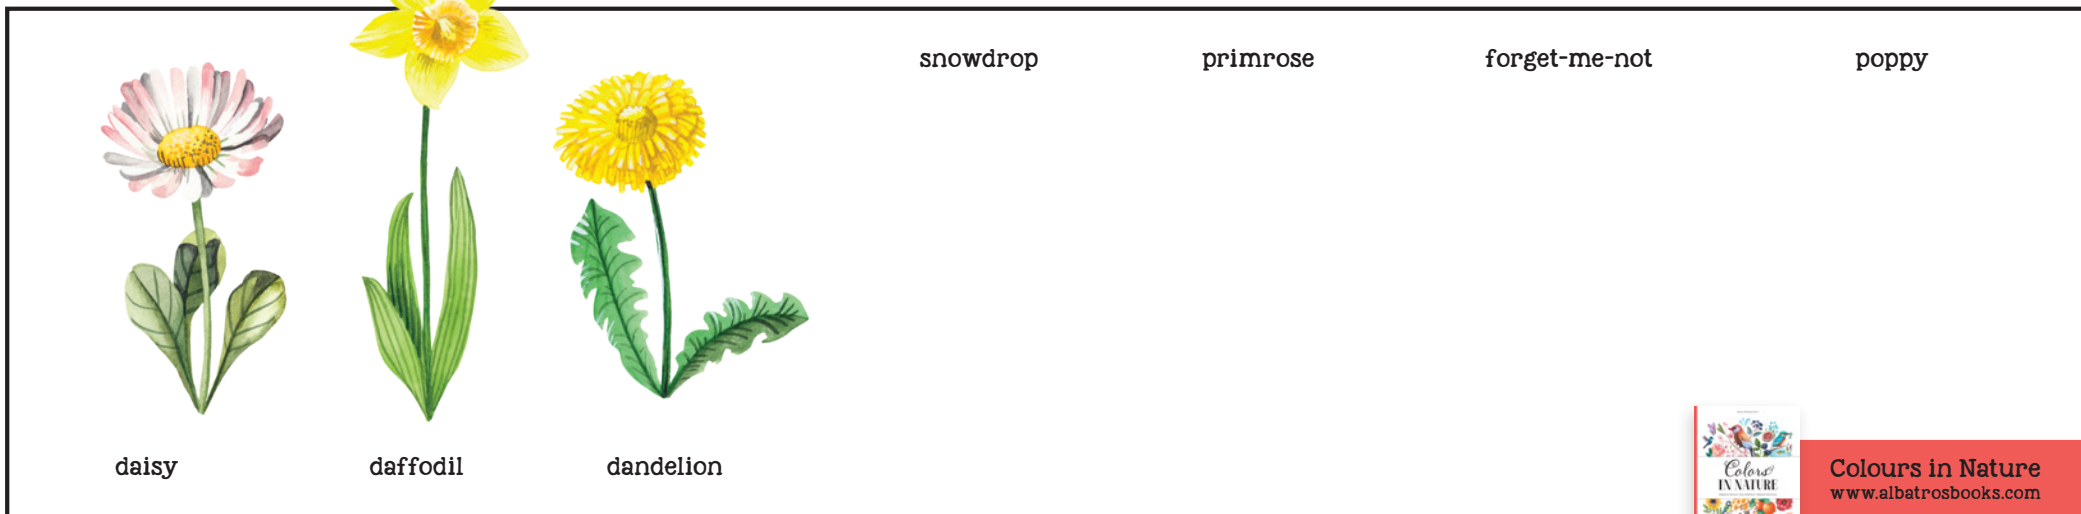

A polar bear is resting quietly on an ice floe. He looks a little lonely... Draw or paint him some animal friends who also have coats that keep them warm on the ice.

Welcome to the wonderful world of colours! Why not help us make it more colourful still? Follow your imagination to complete the pictures below with crayons, watercolours or felt-tips.

2

Spring has come, and the first spring flowers are appearing in the earth. Draw or paint the rest of the garden.

3

Summer is the time for juicy red fruits and vegetables. Which red fruits or vegetables taste best to you? Draw all the ones you can think of.

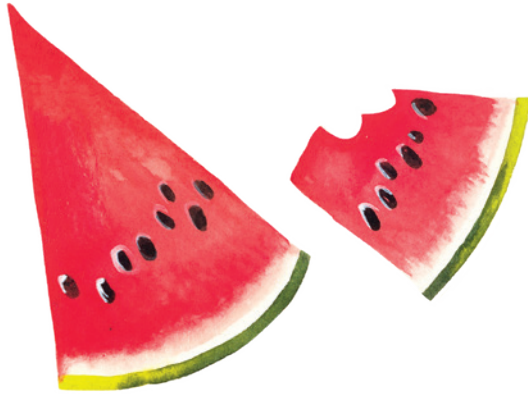

strawberries

raspberries

cherries

tomatoes

chilli peppers

melon

4

Learn to mix colours. Are you missing a crayon of a certain colour? No problem! From just a few colours, you can create a palette of many different shades. Do you know which colours you get by mixing the three primary colours? First guess, then try it for yourself. You might not believe your eyes...

Yellow

Blue

Blue

Red

Red

Yellow

Correct answers

4

Yellow + Blue = Green
Blue + Red = Purple
Red + Yellow = Orange
