For her birthday, little May has received a magic umbrella, which transports her into the land of her favourite fairy tale, Little Red Riding Hood. There she meets not only her favourite character, but also Grandma, the woodcutter, and even the wolf. How does the story end? Readers who join little May on her journey will have lots of fun with the interactive pop-ups that run through the book. These come together with delightful illustrations and a charming story in a unique work that would grace any bookshelf.

Interactive and surprising pop-ups

You may all imagine how impatient little May was. She pictured it to be all gold, or perhaps silver, with beautiful ornaments. But when she untied the ribbon and opened the box, she was so disappointed! Inside she found just an ordinary old red umbrella!

"How silly I was to believe that it was a magic umbrella! Even if I said 'Magic umbrella, please, please, I want to see Little Red Riding Hood', how would it take me to the fairy-tale?"

No sooner had she said the last word than the red umbrella began to slowly open. She gripped the handle of the umbrella as hard as she could and before she knew, they floated out through the window into the night.
