HOW PLANTS GROW

Watch That Plant Grow!

Illustrated by Edit Sliacka

Written by Helena Harašťová

Do you know what a plant's life is like? Or when you can harvest strawberries? Or what a plant does in winter? This remarkable book teaches children the basics about plants and how they live. Each spread contains a full-page picture and a 3D pop-up in the middle so children find it fun to learn about nature and are motivated to discover the life of plants for themselves.

Open the book
and see a plant grow
in front of you

Phases of the year
are demonstrated
by animals

Seven fun
pop-ups
of the little
plant
