a growing
oak tree

For the seed to sprout...

... all you need is a little rain.

... autumn is here!

Why are the leaves suddenly **red, yellow** and **orange**?
And why are they falling to the ground? Because...

HOW PLANTS GROW

Watch That Tree Grow!

Illustrated by Edit Sliacka

Do you know what a tree's life is like? Or how big or small an oak seed is? Or why leaves turn yellow, red and orange in autumn? This remarkable book teaches children the basics about trees and how they live. Each spread contains a full-page picture and a 3D pop-up in the middle so children find it fun to learn about nature and are motivated to discover the life of trees for themselves.
