## HIPPO

This roly-poly can be pretty dangerous. No wonder – his mouth contains not canine teeth, but two enormous tusks! And how heavy he is! Hippos live near water, and love to wallow in it.

## **MONKEY**

Swish, swish! Boisterous monkeys swing from tree to tree. Back and forth, back and forth, from early morning. As they swing, they feed on fresh leaves, seeds and soft tree bark.
