**I**n a kingdom far, far away lived a queen, beautiful beyond words. But she was conceited and her heart was as cold as ice. The Queen had a magical mirror that she asked: "Tell me, mirror, who is the most beautiful of all?" And it always replied: "You are, my Queen." But one day, its answer

changed: "The most beautiful of all is the Snow White, my Queen." The Queen was furious. She told the hunter to find the girl, take her to the woods and kill her. As proof, he would bring the girl's heart back. The Queen just couldn't stand the thought of anybody else being more beautiful than her.

**T**he cottage might have been small, but it was very cosy. Snow White couldn't stop wondering who might be living in it. Everything was so tiny! In the kitchen, seven tiny plates were set on the table. In the bedroom, she found seven tiny beds. She couldn't fight her tiredness any longer and so lay down

under the fluffy, cosy duvets. She didn't even hear the whistling and stamping approaching the cottage .. the seven dwarfs were coming home from work. When they heard her cute snoring, they peeked through the window into the bedroom and couldn't believe their eyes – somebody was sleeping in their beds!
