what happened
to her?

IT'S RAINING

Splash, splash! Other raindrops are falling on the ground everywhere around Rosie.
Where do they come from?

One day Rosie the Raindrop fell from the sky and got hurt. Where has she fallen from? And what is she doing here? At the beginning of the story she does not know the answers herself. The story will tell you what happens to Rosie and explain why rain is needed. Every double page contains a small brainteaser that can be solved by lifting large flaps.
