Glory be! The King and Queen have a new baby girl, little Briar Rose. So that her fairy godmothers don't have far to come, the birth is celebrated in the meadow. But the King and Queen have forgotten to invite one of the godmothers, and she has taken her revenge... Find all the flowers in the meadow.

Stork

Brimstone butterfly

Thyme

Mouse

Elderberry

One hundred years have passed in an instant, and a prince is approaching the palace. To reach it, he must use his sword. Over the years, the garden has run wild and become terribly overgrown. Do you recognize what thrives in it?

Nettles

Toad

Bindweed

Worm

Bullfinch

Briar-rosebush

Wormwood

Spider

Cobweb

A stylized illustration of a dandelion plant. It features three yellow flowers with dark outlines and green, serrated leaves. The plant is set against a background that is split vertically into pink and white halves.
