A bus travels by road.

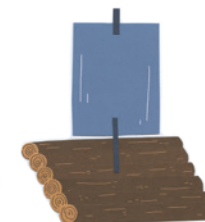

What else travels by road?

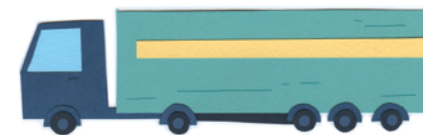

motorbike

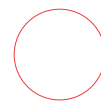

ambulance

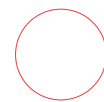

raft

lorry

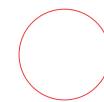

parachute

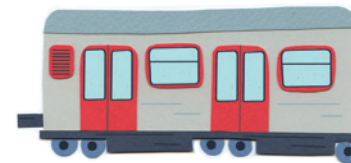

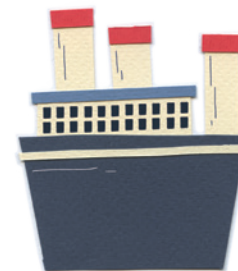

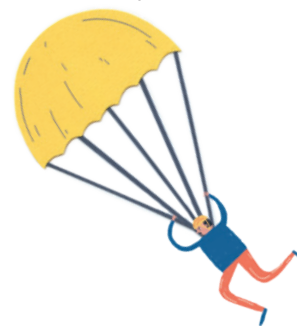

steamer

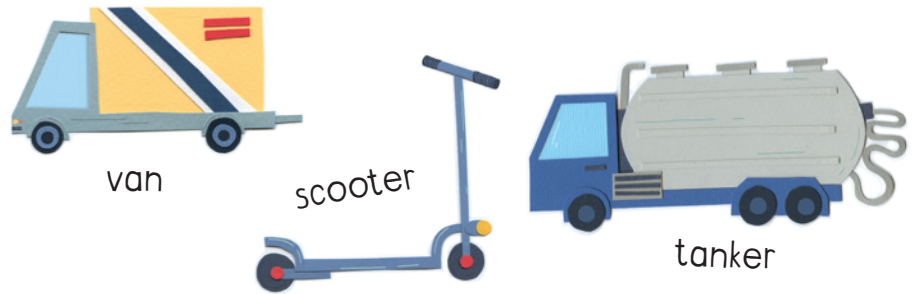

bicycle

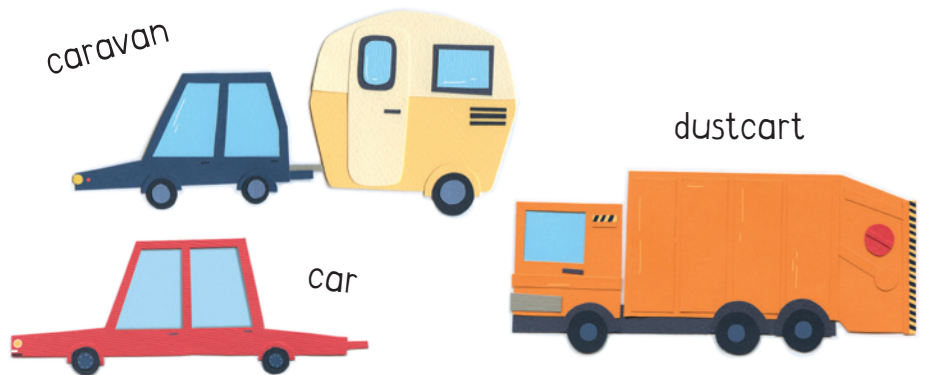

tube train

... also travels by road. ►

What else travels by rail?

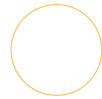

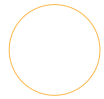

car

kayak

mine trolley

cargo plane

plough

space rocket

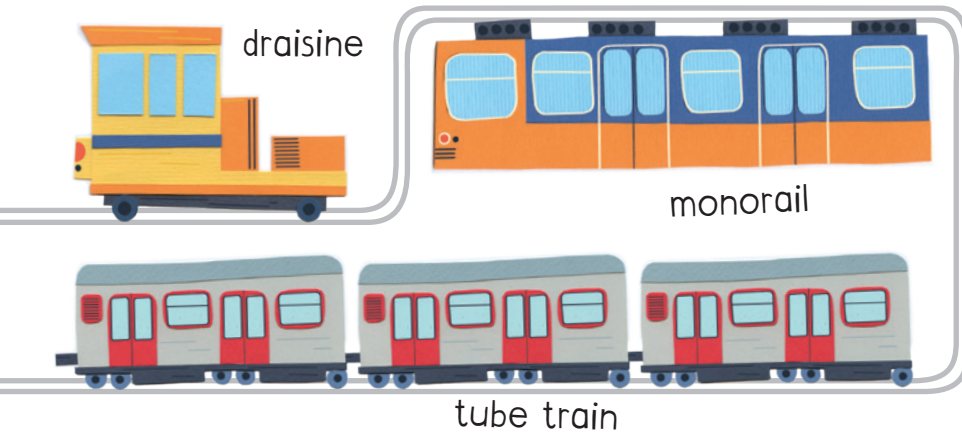

rowing boat

tram

A train travels by rail.

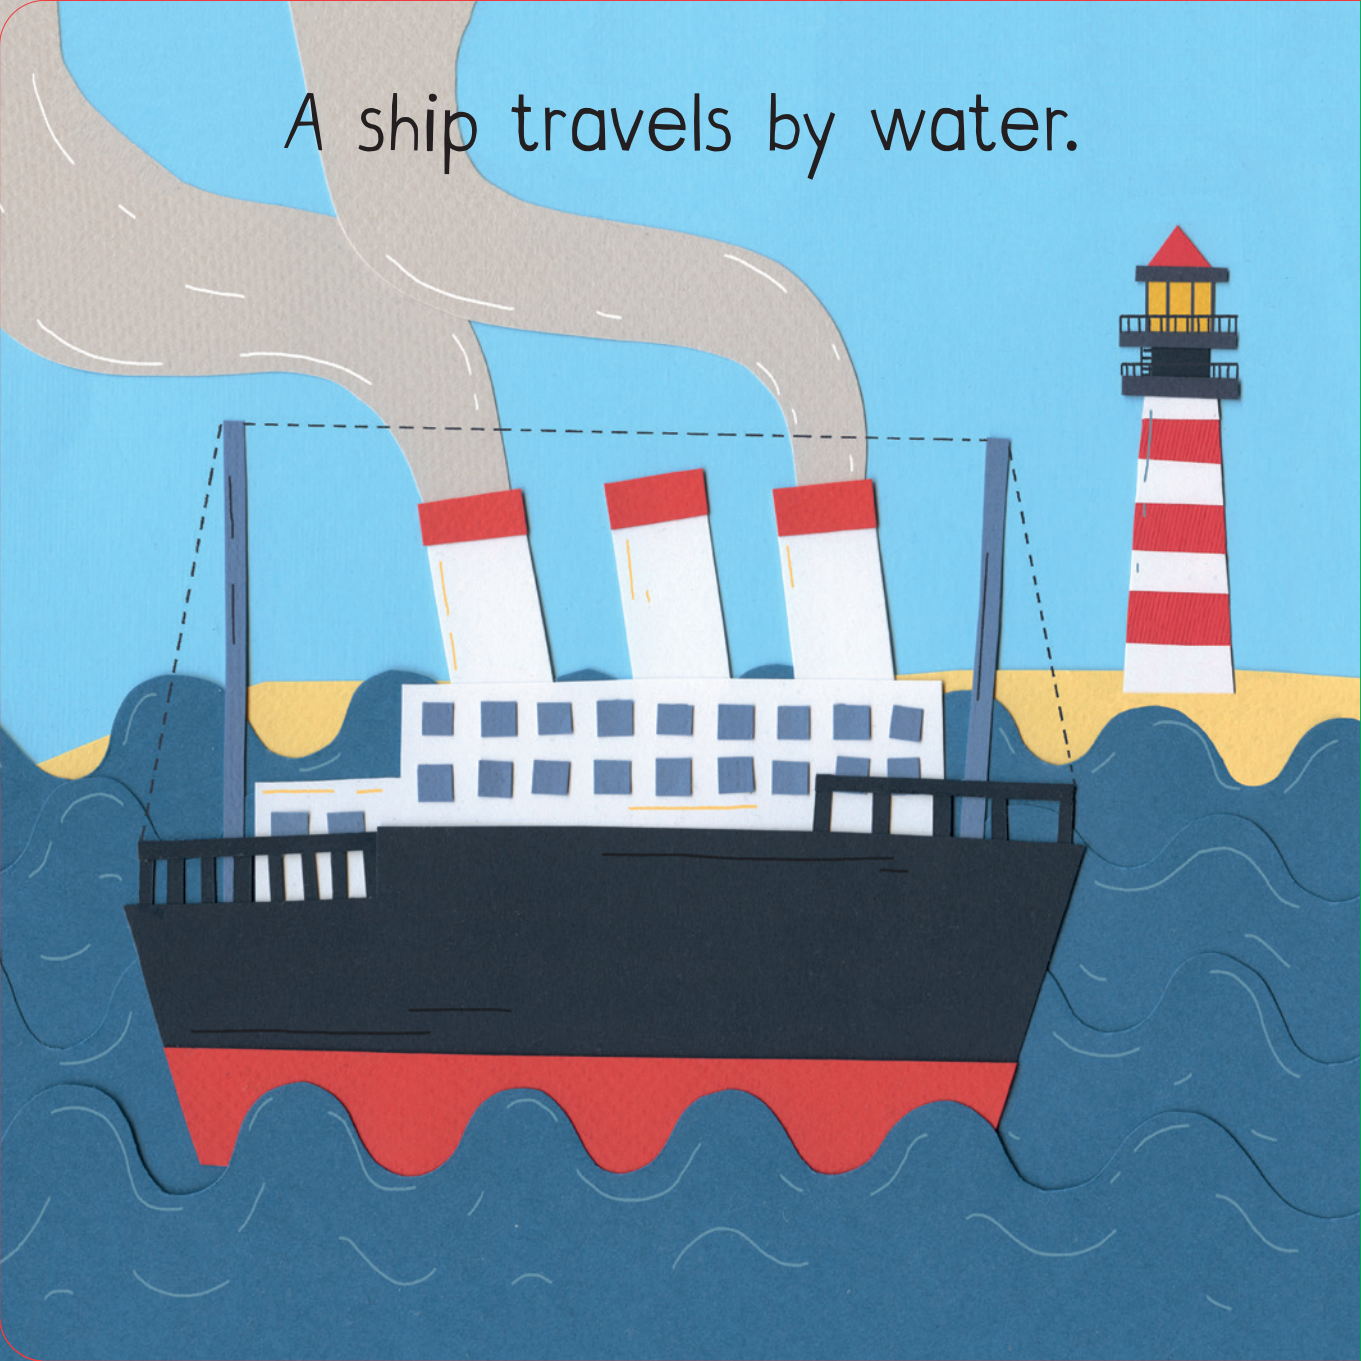

... also travels by rail.

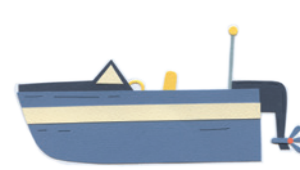

A ship travels by water.

What else travels by water?

motorboat

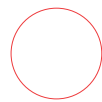

pedal boat

motorbike

caravan

digger

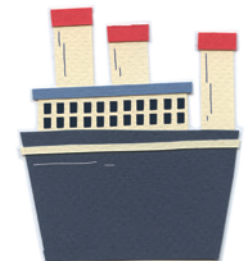

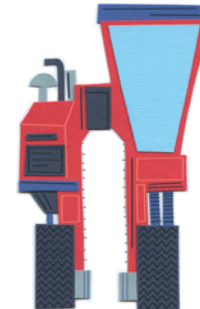

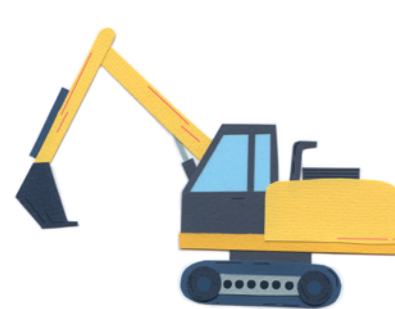

grape harvester

sailing boat

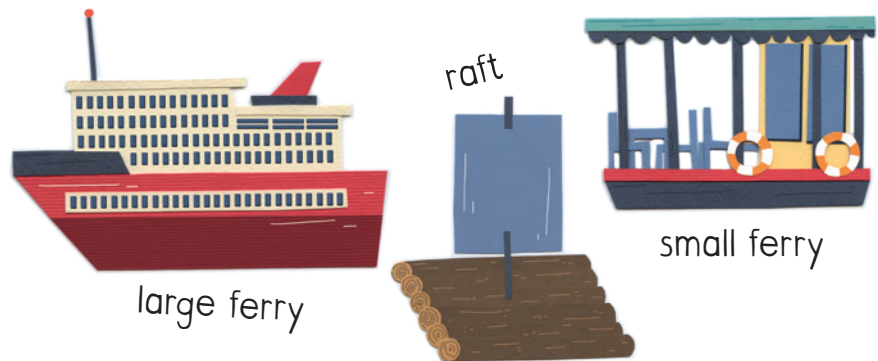

steamer

... also travels by water. ▶

Road or rail? Water or air? There's a lot to know about means of transport. Some vehicles are driven on land, some fly through the air, others go on rails ... A caravan has no business in water, and there's little a grape harvester can do on a building site. Where do we come across a digger, a steamer and an airship? Join our exploration and you'll be an expert on means of transport in no time!
