Professional DOG WALKER

DO YOU LOVE DOGS? DO YOU LOVE
TAKING LONG WALKS WITH FOUR-LEGGED
FRIENDS? THEN PROFESSIONAL DOG
WALKER IS THE VERY JOB FOR YOU!

I'm late!
I should have
picked up Ally
ages ago!

YOU WILL

LOVE ANIMALS / BE PUNCTUAL/ BE PHYSICALLY FIT /
BE PATIENT / NOT MIND BAD WEATHER

PHYSICAL FITNESS – every dog is different. Some dogs, especially ones with short legs, make do with a short walk. Others need a good run-out of ten kilometres or more. A professional dog walker must reckon with these differences.

PUNCTUALITY – You mustn't let your doggy clients wait. They are desperate for a proper walk.

EQUIPMENT

dog poop bags

plenty of water and a bowl

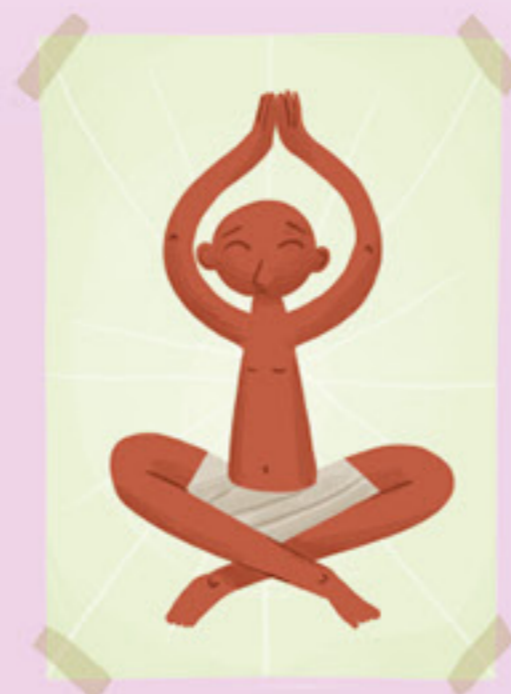

JOB DESCRIPTION

A professional dog walker collects his four-legged clients and takes them for a walk suitable for their natures. On the walk, he remembers to clear away all the dogs' poops – because picking up poops is part of

a professional dog walker's job. Back indoors, the walker must check that the dogs have enough fresh water and food; if not, he must top these up. Long-haired dogs must be thoroughly combed.

Dog yoga INSTRUCTOR

BECOME A HAPPY
INSTRUCTOR OF DOG YOGA!

I can't keep this
up much longer.

JOB DESCRIPTION

A dog yoga instructor certainly doesn't make dogs stand on their heads or perform sun salutations. She lets them do as they please,

looking on with a smile as little four-legged pals join in with the poses of their owners, so deepening their bond.

YOU WILL

BE A GOOD MOVER / KNOW YOGA ASANAS / BE PATIENT / LOVE ANIMALS / O-O--M-M-M...

Surfing INSTRUCTOR

We tame
big waves

DO YOU LIKE SURFING? ARE YOU SUCH A GREAT SURFER THAT YOU WOULD BE ABLE TO TEACH EVEN A DOG TO SURF? IF SO, YOU'RE THE VERY PERSON WE'RE LOOKING FOR! WE NEED AN INSTRUCTOR FOR FOUR-LEGGED SURFERS.

JOB DESCRIPTION

Teaching dogs and their owners to surf in tandem, or dogs to surf alone. Intensive training on land, so that the dog gets used to balancing on the board before being launched into the waves.

Your teeth,
our pleasure

Animal STOMATOLOGIST

MY CROCODILE HAS BEEN VERY GRUMPY LATELY, AND HE'S OFF HIS FOOD. IF HE COULD SPEAK, HE WOULD COMPLAIN ABOUT HIS TEETH. THEY ARE ACHING, AND SOME OF THEM ARE LOOSE. I'M LOOKING FOR AN ANIMAL STOMATOLOGIST TO GIVE MY PET TIMELY HELP SO THAT HE DOESN'T LOSE HIS TEETH. IS THERE SUCH A PERSON OUT THERE?

JOB DESCRIPTION

An animal stomatologist treats all diseases of animals' mouths, most notably aching teeth and inflamed gums. Like a dentist for humans, they repair decaying teeth, extract ruined ones, and file and otherwise regulate oversized or overgrown ones. If an animal's teeth are

dreadfully dirty, they clean them until they sparkle. An animal stomatologist treats every animal that has teeth. It's not out of the question that they will be called upon to reach into the mouth of a crocodile, or even that of the king of the jungle himself!

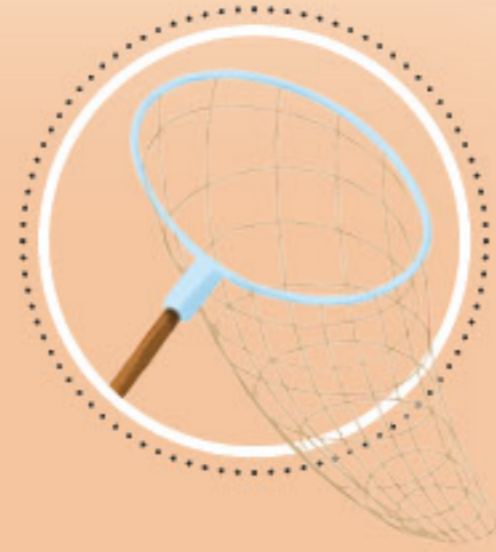

Is that the whirr of a drill I hear?

Why aren't my teeth like the ones on the poster?

Wildlife PHOTOGRAPHER

I TAKE AUTHENTIC PHOTOGRAPHS
OF ANY WILD ANIMAL. CALL ME ANYTIME!

Wildlife photographers travel the world in search of unique shots of wild animals. Some will photograph any creature – crocodile, shark, lion, antelope, elephant, gerbil, monarch

butterfly, baboon, you name it – while others specialize in one type of animal. Every wildlife photographer must be a daring adventurer with the eye of an artist.

Pet PHOTOGRAPHER

DO YOU WISH TO HAVE YOUR DOG,
CAT, AQUARIUM FISH, PARROT, TORTOISE
OR HAMSTER IMMORTALIZED IN A BEAUTIFUL,
ARTISTIC PHOTOGRAPH? I PROVIDE
THIS SERVICE.

Please don't
blink or scratch.

A pet photographer seems to have things easier than a wildlife photographer. They don't have to travel to distant wildernesses. They are not confronted with bitter cold, scorching heat, desert storms and tropical rain. They have no need to struggle through the jungle in search of a great shot. They work in the comfort of

their own studio, at the pet's home, or at a selected outdoor location, such as a park or a meadow in bloom. To make unforgettable images of much-loved dogs, cats, hamsters, parrots and guinea pigs, a pet photographer, too, must have a great eye and an artistic bent.

OCCUPATIONS WITH ANIMALS

FROM ANIMAL DETECTIVE
TO SNAKE MILKER

Written by Štěpánka Sekaninová
Illustrated by Jakub Cenkl

There can be no doubt that people love animals, be they hairy, feathered, scaly, with shell or shell-less. Some love dumb creatures so much that they devote their lives to them. Put simply, they choose a profession in which animals play the main role. They become a vet, a zookeeper, the owner of a shelter for cats and dogs... You know the kind of thing. But did you know that a person can be a professional cat cuddler, snake milker or dog yoga teacher? You didn't? In that case you must read this book! It is packed with animals and non-traditional occupations associated with them. I wonder which small ad, job offer or request for work will interest you most. Add to these the humorous illustrations and this book is sure to keep you entertained from start to finish!
