Now everyone knows whom this book belongs to.

Hurry Up... turn the page and go on an adventure with the different Animals with us.

Coral Reefs

Coral reefs are like colorful underwater cities where fish of all shapes and sizes swim among the beautiful coral structures.

The African Savannah

The African savannah is a vast grassy plain where animals like lions, giraffes, and zebras roam freely. It's a place filled with tall trees, golden grass, and exciting adventures in the wild.

The African Savannah
page 8-9

Asian Animals
page 10-11

Herbivores and Omnivores
Carnivores and Scavengers
page 12-13

The Antarctic Sea
page 14-15

Ponds

In a pond, you can discover tiny tadpoles swimming and growing into frogs, while colorful dragonflies zoom around in the air above. It's a busy place where animals bask in the warm sunlight.
