Look closely! There is so much beauty around us.  
Why be cooped up inside when we can have fun  
outside?! Stick the stickers on the page and tell  
us what fun things you're doing outside.

There are so many ways to have fun outdoors – if you don't want to work in the garden, you can go to the park, the playground, or run through the fields.

Let's fly kites up high in the sky and watch them dance with the cold wind. We can carve pumpkins into spooky jack-o'-lanterns for Halloween. What a magical time!
